NEW YORK'S GUIDE TO YOGA AWARENESS

A person is shown from the back, performing a yoga pose (Urdhva Dhanurasana) on a sandy beach at sunset. A large, vibrant green head of broccoli is superimposed on their back, appearing to be part of their body. The background is a warm, orange and red sunset over the ocean.

# YOGA & RAW FOODS EXPO

MAY 29-31, 2009  
NEW YORK CITY

THREE DAYS OF  
YOGA CLASSES,  
LECTURES, MUSIC, FOOD

Hotel New Yorker  
34th Street & 8th Avenue

# STOP DISEASE! By changing the physical properties of water at your faucet!!

This discovery was first reported by *The Washington Post* (1/27/92): "This water is said to cure everything from aids and cancer to obesity or high cholesterol count!" The article describes our worldwide patents and as word of the "miracles" spread, 10,000 people/day traveled to obtain our water, some waiting in line for days until they couldn't supply the demand!! As a result, we increased the production of our home machines, stopped counting at 100,000 users, and started construction of a magnificent 418 acre property that is really a shrine or a testament to the amazing results achieved by our customers! The property is on top of a mountain we bought with breath taking views of the Delaware River in Shohola, PA. Recently, we had a party at our pavilion so users could tell others about how our water changed their lives! Now, with so many people asking for our water and with no competition, we are in contract talks with the largest (\$20 billion a year) food distributor in the country! **You can also order water from us at 570-296-0214 (just add a few drops to a glass of water) or buy our countertop machine and drink it straight!!**

**Listen to a toll free recording at 1-800-433-9553**

*The Washington Post* article says that our home water machines produce water that is "lighter" (about 4%) than ordinary water: "The curative power requires "movements" of water from one metal tank to another." Then it goes on to state: "It may be centuries before scientists understand why it weighs less!"

Before the flood, man lived 100's of years. Afterwards, man didn't live nearly as long! 90% of Americans believe in God and the Bible and as a result, there is a religious demand for this water, as noted above, that is almost insatiable!! There are only a few places in the world where this water exists naturally and they all have one thing in common with our water. The water is always 4% lighter than ordinary water! A UCLA M.D. that taught at the medical school, when they were testing blood flow (94% water): "How can anybody argue with something you can measure? We can measure blood flow to the

extremities and nothing comes close to your water!" Their tests confirmed why it's called "light" water all over the world! It has been tested 100's of times showing how only small amounts can treat vast quantities of water including stopping the spread of disease when even the purest water spreads dis-

ease (it doesn't stop it).

There are 1000's of examples including a municipal 5 acre waste lagoon in Colorado with over 10 million gallons of e-coli sewer waste that smelled for miles. None of the treatment companies could fix it and after paying them 100's of thousands of dollars, the municipality had to pay \$10,000/day in fines for months! They sprayed only 1000 gallons of our "light" tap water on the lagoon and the smell was gone in 24 hours. Now, these people have advanced degrees and they know about every product on the market! If they worked, they would have used them to make money!! In similar fashion, a multibillion dollar food company tested our "light" tap water for a mold spore and rot problem for 9 months. They sent us a 7 page contract because it works better than chlorine! Remember the salad recall??

Organa did lab tests, using a sports drink, that are on our website. If they had used any other water, the bacteria count would be enough to kill you!! How about the possibility of terrorists spraying mold spores by airplane, killing millions of Americans (History channel 8/08)? As a result, we shipped to a military lab in Afganistan! We are willing to work with government scientists and show them how only small amounts of our water can be used by municipalities to save millions or billions in treatment costs. They are free to look at our contracts from major international companies that have tested our water as well.

The water produced by home distillers, filters, R.O., ionizers and alkaline water machines can't even produce a test (using lab standards) showing they can produce

**TRY A BOTTLE OF WATER!**  
 Just add a few drops to whatever you are drinking or buy a machine and make all of your own drinking water! Shipped in a glass bottle, corked and shrink wrapped like champagne!  
**Just \$29!** (plus \$10 shipping)  
 Send your check, money order or credit card order for \$39 to:  
 Crystal Clear, 143 Old Quarry Road, Shohola, PA 18458  
 or call 570-296-0214 / fax 570-296-6912.  
**For information and machine orders:**  
 call 845-754-8696 / fax 845-754-7866  
**\*ALSO AVAILABLE AT BETTER HEALTH FOOD STORES!**

pure water or produce water that can stop disease!! Instead, they use meaningless jargon while destroying millions of lives!! A typical ad for a home distiller: "100% pure water! Scams revealed! \$10 Value!" Continuous boiling home distillers are prone to boil over like a pot on a stove and some are sold that run hot water into plastic storage jugs that leach plasticizers 55 times faster (the water becomes a poison)!

The largest selling home water distiller (with continuous boiling) made water only 9 times purer than tap water! To lower the steam velocity, three of our intermittent (start-stop) boiling home machines tested at York Labs made water an astonishing 827 times purer, down to "less than" 0.07 ppm (pure water is 0.1 ppm). Corning called to say: "Your tests are better than our ultra pure lab stills!" Most importantly, our machines make two types of water and either water, by changing the properties of water, will do what no other water in the world can do...stop the spread of disease! Also, unlike any other company, we have the water available for the tests done by Organa, major food companies and 1000's of others! **Learn more! Call: 845-754-8696 or fax us for info: 845-754-7866.**

John Ellis 1987

Water Type	Hydrogen Bond Angle	Will it kill Pathogens?
Med Water	114°	Yes
Steam	120°	Yes
Ordinary Water	104°	No
Distilled Water	101°	No
